

Microhydrin

Energy • Endurance • Recovery

Content: 60 Capsules

Item Code #1544
Price: \$36 USD/\$42 CAD
Save 10% on SmartShip!

KEY BENEFITS:

- ENERGY AND ENDURANCE
- REDUCES SORENESS AFTER EXERCISE
- HELPS BALANCE THE BODY'S PH
- POWERFUL ANTIOXIDANT PROTECTION

HOW TO USE:

For best results, take one to two capsules twice a day with 8 ounces of water.

MICROHYDRIN IS A POWERFUL ANTIOXIDANT!

Our signature blend of minerals and hydrogen contains extra electrons, which neutralize free radicals. Microhydrin is unique because hydrogen, as the smallest element, provides more electrons than any other antioxidant. By flooding the body with electrons, Microhydrin helps create energy, enhance endurance, and balance pH levels.

Research shows that Microhydrin provides powerful protection from free radical damage. These are unstable compounds we generate every day, but an excess can damage our health. A poor diet, pollution and stress can lead to a dangerous increase in free radicals. Taking 4 caps a day, subjects showed a 43% increase in free radical protection!

Microhydrin also boosts ATP production, which is our main source of energy. By helping you produce energy at the cellular level, Microhydrin will help you feel your best! Its mineral structure also brings oxygen into our cells and reduces the lactic acid produced during exercise, which helps speed recovery.

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 30

Amount Per Serving	% Daily Value**	
Vitamin C (as ascorbic acid)	30 mg	50%
Microhydrin® (a Proprietary Blend)	600 mg	†
